

CHINESE SUFFERING  
FROM A SPY MANIA.The Latest Development Among  
Her Officials.JAIS ARRESTED ON AN  
UNFOUNDED CHARGE.ENGLISHMEN AND SCOTCHMEN  
ABUSED BY THE CHINESE.

Sickness prevails to an alarming extent in both armies--Black flags to be organized to fight against Japan--Big battle expected at Ping Yang--Japan decides to issue a domestic loan of \$500,000,000, and it is being eagerly taken.

London, Aug. 20.—A dispatch from Shanghai says the Chinese there are suffering from a spy mania that has developed among Chinese officials.

All vessels arriving in Tso Sung river are boarded by Chinese naval officers and searched for spies and contraband munitions of war.

Two prominent Japanese have been arrested within the French concession on an unfounded charge of spying. They are still detained for trial.

The dispatch further states that a number of Englishmen and Scotchmen have been obliged to leave the arsenal at Wei Hai Wei, owing to the war. They had been fired at by the Chinese guards and some of them would undoubtedly have been killed had it not been for the protection afforded them by Chinese officers.

It is added that on three successive nights Japanese torpedo boats forced the boom guarding the water entrance to Wei Hai Wei. They either evaded or contemned the torpedoes that had been laid by the Chinese and effected an entrance to the ports, the defense of which has heretofore been supposed to be impregnable. The Chinese did not engage the forts, as it is said they were in search of information as to the lines to be followed in the event of it being decided to make an attack in force upon the place.

Sickness prevails in both the Chinese and Japanese armies.

China has accepted the offer of Liu Tung Pi, the celebrated ex-chief of the Black Flags at Tonquin, who is now a naval commodore at Canton, to reorganize the Black Flags to fight against Japan.

Advices from China say the Chinese government has prohibited the exportation of horses. Horses are regarded as contraband of war by Japan. Urgent orders have been issued from the northern to the southern arsenals for powder and other munitions. Recruiting for the army is progressing actively. The Japanese have fortified the passes leading from China into Corea and have established elaborate defenses at Seoul. One hundred and six thousand men have been mobilized by Japan and military services been called upon for service in Corea.

## Great Battle Looked For.

London, Aug. 20.—A special dispatch to the Times from Shanghai says it is rumored that instead of a large Chinese army only a small force will be routed at Yashan by the Japanese. The remainder of the army, it is said, has gone north to join the northern forces. Skirmishes are reported to have taken place at Ping Yang, province of Shanys, and a great battle is expected to be fought there shortly.

## Eager to Loan Their Money.

Washington, Aug. 19.—The Japanese legation here received a telegram announcing that Japan had decided to issue a domestic loan of \$500,000,000. The dispatch says a strong outburst of patriotic feeling has been evoked by this proposition and the people in all parts of the country are eagerly subscribing for the loan.

## EMMA GOLDMAN TALKS.

Slaps "the Hateful Irish and the Deceitful English."

New York, Aug. 19.—A reception was given Emma Goldman tonight at the Thalia theatre which nearly 3,000 persons attended. The affair was generally tame and the special force of detectives had nothing to do.

Charles Wilfred Mowbray, the English anarchist, was also present and preceded Emma Goldman by a speech, in which he abused her patriotism and self-sacrifice. Speaking of the police he remarked:

"The police exist for boodles. They are here to protect thieves of associated society from plunder of the poor workers."

When Emma Goldman came on the platform there was a great cheer of applause. Her speech was chiefly devoted to a rancorous attack upon all who were concerned in her prosecution, conviction and imprisonment.

"Imagine the prosecution of a woman for talking," she began. "Anarchy was prosecuted October 5, 1895, in the court of general sessions. It was really the right of free speech that was prosecuted. The country is today seeking aid of that old continent to help them get rid of anarchy. What do they get to help them? A hateful Irish and the deceitful English."

She then launched forth into invective. She called Assistant District Attorney McFadyen a coward. In speaking of the judge before whom she was tried she said:

"Judge Martine is not to be compared with Santo, or Henri, who were all defenders of a cause they believed in. I am with you again and again under the old flag of anarchy and freedom," she concluded.

The speech was received with enthusiastic plaudits by the minority portion of the audience, and the meeting soon after broke up in a riotous manner.

Maria Louise, a French anarchist, and an ardent advocate of anarchy, presided at the meeting.

## IN A BAD FIX.

Pullman Strikers on the Verge of Starvation.

Springfield, Ill., Aug. 19.—Governor Altgeld today received a letter from a committee of citizens asking assistance in feeding 1,600 families unable to get work. The Pullman company is alleged to be importing men from all over the country and turning many of them out on the street. The governor left tonight for Chicago, and will personally investigate the situation at Pullman Monday.

## THE CONGO TROUBLES.

London, Aug. 19.—Advices received from the Congo state that further troubles have occurred with the natives,

arising from the impressment of Portuguese natives into military service by Congo state officials. The natives were highly incensed at the summary manner in which their relatives and friends had been dragged into a service that was repugnant to them and determined to avenge their wrongs.

A strong native force was gathered, and an attack made upon Loba, a Congo state post. In the fighting that ensued, two of the soldiers defending the post were killed and three were taken prisoners.

## MELANCHOLY CAUSED IT.

Suicide of Captain Nicholson, of Indianapolis.

Washington, Aug. 19.—Captain E. N. Nicholson, of Indianapolis, Ind., committed suicide here this afternoon by shooting himself.

He was a veteran of the late war, during which he served under ex-President Grant. After Mr. Harrison was inaugurated he appointed Nicholson, who had been his neighbor for thirty years, to the place he held at the time of his death. The deceased was one time a captain of the police force at Indianapolis. He was about 65 years of age and leaves a wife, a married daughter and a son, who is said to be engaged in newspaper work in Indianapolis.

Captain Nicholson was a brother-in-law of William Meredith. None of his family are here, but the son is telegraphed for. Melancholia is supposed to be the cause for the deed.

FOR TEN YEARS HE WAS  
MOURNED AS DEAD.Remarkable Story of Adventures  
at Sea.WAS CAUGHT IN A  
CYCLONE, BUT SAVED.IN A WRECK AGAIN, AND THE SOLE  
SURVIVOR.

Washed Ashore on an Island. He Was Tenderly Cared For by the Natives, and He is Now on His Way Home—A Romance in Real Life.

Philadelphia, Aug. 19.—F. B. Bertram, of Salem, Mass., who has been mourned as dead since 1884, passed through here today en route for his home.

He tells a remarkable story of his adventures during his long absence.

After traveling for a time between Boston and Philadelphia, Bertram, in 1887, sailed for the South Sea islands on the bark Glile. The Glile was caught in a cyclone off the coast of Madagascar, but he and Bertram were rescued.

Bertram then shipped aboard the Elexa, a British bark. This vessel was wrecked in December, 1888, and all the crew with the exception of Bertram perished. He was washed ashore on one of the Solomon group of islands, where he was cared for by the natives, until May last, when he was taken to Melbourne on a Danish brig. He sailed to San Francisco, reaching there Tuesday.

Several far-seeing Californians have lately taken steps to form a wine syndicate, to control and regulate the price of produce of the vineyard. There are nearly 200,000 acres of vines in California. The value of property and the price of wine are estimated at \$80,000,000. For six or seven years past the vineyards have produced yearly about 2,000,000 gallons of wine in excess of the demand and prices dropped until it was not profitable to pick grapes.

The syndicate are Arnold Harazity & Co., C. Carney & Co., Kohler & Vonderbush, Kohler & Frohling, the Napa Valley wine company, Lachman & Co., and F. Dreyfus & Co.

A world reporter asked Mr. Eugene J. Cantor, president of the syndicate, at the St. Cloud hotel today, how the vine-consuming class would be affected by the syndicate.

"It is nothing but a business syndicate. Now the small and big growers will be united in the syndicate," he said.

"But how about the prices here?" "The only sufferers in the east are the dealers who are selling wine for 35 cents a gallon and sold it for 50 cents in California. The price will not suffer, but the dealer will certainly get a better price for his wine than he is now getting."

## A NARROW ESCAPE.

While Insane From Sickness, a Man Attempts Wholesale Murder.

Kearney, N. J., Aug. 19.—Thomas Hewitt, an iron moulder, made an attempt today to kill his wife and four children. He wounded them, but was fatally injured, and then sprang from a window and ended his life.

He had been suffering for some time from typhoid malaria. This morning, he entered the room where his wife and children were lying. He raised a knife which he carried and exclaimed: "Julia, your time has come."

With this, he pushed the woman aside and sprang to the bed. He made a vicious lunge with the knife at the eldest child, a boy of 7, missing him and burying the knife in the bedding.

He struck again and again at the children, but they had been awakened by a scream from the mother and he inflicted no serious wounds, although the four were more or less cut.

Mrs. Hewitt threw herself between her insane husband and children, and in endeavoring to catch his arms, received a bad stab, the point of the knife entering the flesh near the elbow. The downward stroke of the knife continued and tore the arm to the wrist.

He then sprang through the window, fracturing his skull and dying an hour later.

REV. HIRST ENDORSED.

Charges Against Him Were Made by an Adventurer.

San Francisco, Aug. 19.—The official board of the Simpson Memorial church, this afternoon adopted resolutions, which were unanimously endorsed by a rising vote of the large congregation assembled at morning service.

Stating the charges against Rev. A. C. Hirst, had been brought by an irresponsible adventurer, who had been in the city for a short time, and had found them to be entirely without foundation.

The members of the church and congregation expressed unswerving confidence in Dr. Hirst's Christian character and purity of life, and declared their innocence of the charges, at the same time expressing their gratification that Dr. Hirst had been cleared of the charges.
